Company Profile

- ✓ Trading since Nov 03, privately held
- ✓ Based on 400+ man years of experience in the wafer fabrication industry – etch and deposition solutions for MEMS and semiconductor technologies
- ✓ Headquartered in the UK in Livingston
- ✓ Creators of the memsstar® products
- ✓ System Experts in Applied Materials, Lam Research, Novellus Systems
- ✓ Core Competence – Etch and Deposition Technologies

Manufacturing

Our customers include;

Point^{.35}
microstructures

- ✓ References available.
- ✓ Repeat business, high value solutions. Supporting 24 fabs, over 130 systems and projects complete Jan 09
- ✓ Partners for systems, projects, technology and process

Organisation

Legal Entity. Point 35
Microstructures Limited
Business Units;

- memsstar® Technology – MEMS markets
- PT35 – Wafer Fab markets

PT35

Customers; Global MEMS
developers and manufacturers

Products; memsstar® SVR and
memsstar® SPD systems

Capability; isotropic etching,
and ultra thin coatings

Technology; vapour phase dry
etching and coating,
integrated with PECVD, plasma
etch, PVD

Customers; European
semiconductor fabs and R&D
houses

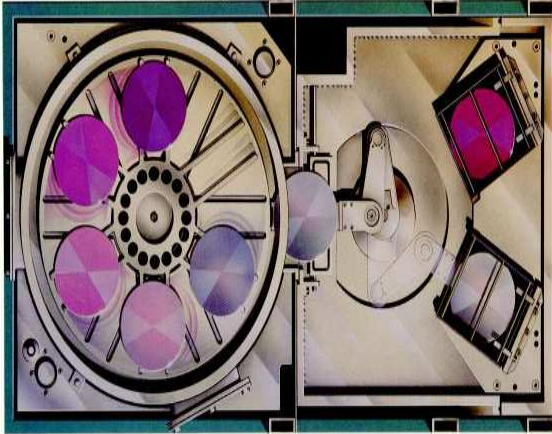

Products; AMAT, Lam,
Novellus

Capability; plasma etch,
PECVD, PVD

Manufacturing and
Refurbishment

Services and Parts, CE
compliance

Confidential

PT35 Capability

OEM; Applied Materials
Lam Research
Novellus Systems

Hardware – chambers, systems,
conversions, process kits

Process – OEM standard films,
process development, process
matching, MEMS processes

PECVD, Oxides, Nitrides, TEOS,
a-Si, BPSG,

Plasma Etching, Oxides, Silicon,
Metals.....

PVD, Al, Ti, Cu, MoSi, Ta, W, Au,
SiCr.....

Platforms

Etch– P5000, Centura, Rainbow,
Alliance, all chambers

PECVD – P5000, Centura, C1, C2, all
chambers

PVD – Endura, Centura, all chambers

Confidential

Services to Support our Customers

- Systems conversions, moves, upgrades, COO projects. Project planning and management
- Training on Process, Equipment, Procedures
- Telephone/email ad-hoc for customers— probably the highest value Free Service for fabs in Europe
- CE Compliance, H&S work— we retain EU level health and safety expertise in-house
